TIDAL WAVE FEARED IN PACIFIC

HONOLULU, March 4.—(U)—
Fear of a big tidal wave fol-
lowing an earthquake in Alaska
today was quelled by sci-entists
of the U. S. Government here to-
day.

Warnings were broadcast to
ships on the Pacific ocean and
those in charge of the waterfront
here were advised.

First notice of the strong trem-
or was received by Admiral
Meiwell, commander of the Pearl
Harbor navy base from Dr. T.
A. J. Jagan, government observer
of Kilauea volcano near Hilo.

"The danger of a high earthquake was apparent at 3:11 p. m. (5:11 p. m. east time) today," Jagers said. "It was 2200 miles away and I likely to cause a mild quake tonight about 1 p. m. use every precaution."

DUTCH HARBOR
FEELS SHOCK

DUTCH HARBOR, Alaska, May 6.—An earthquake of considerable intensity was felt here at 4:11 p. m. Although no significant damage was caused here or in the adjoining towns of the Lofoten Islands, reports were anxiously awaited from other parts of northern Alaska.

The Island of Unalaska is to the southern end of the Alaska peninsula and it was considered likely that the center of the earthquake could have been possible along the northern of the Aleutian arc.

**QUAKE RECORDED
AT DENVER**

DENVER, March 6.—(UP)—A 2.5 earthquake lasting 32 minutes was reported tonight on the three College and Research Earthquake Network, reported.

The frequency of "second degree" quakes started at 6:13 p. m. and peaked, their maximum intensity at 6:29 and subsided at 6:45 and appeared to be about 100 miles distant but "probably on this continent," Earle Foye, U. M. said.

BOOST IN GAS PRICES SEEN

While San Francisco dealers and private owners are attempting to reach a settlement in the gasoline price "war" indications were so far high that the wholesale price of gasoline will soon go up to its previous level.

Plans were nearing completion for the service station operator to go directly to the producer of gasoline and ask for their aid in bringing about stabilized price conditions as soon as producing companies agree to such a plan. The garage owners have signified their willingness to sign in force with the service station men.

S. F. Society Girl Stowaway On Ship

SAN FRANCISCO, March 6 (U. P.)—Hazel Cooke, 18, prominent member of the younger set San Francisco society, is a stowaway on the liner Sierra, in the South seas nearing Australia, it was learned here tonight.

A cable to the young woman's stepfather, W. J. Kieferdorf, vice president of the Bank of Italy, advised him that the girl had been found aboard and he replied to her have her fill of South Sea thrills.

Miss Cooke drove her roadster to the waterfront and went on the Sierra under the ruse of saying farewell to friends.

SUSPICIOUS "BILLY"

William Mitchell, late of the United States Army Air corps feels the same impulses to boost national defense in the air that he had when he tweaked the noses of the army big wigs and got himself out of a job. He sees in the present cruiser bill an American response to the wool-pulling of the European and far eastern powers which are perfectly willing to let this nation waste its money on seacraft to the detriment of aviation.

It is strange to the average observer that President Coolidge would have let himself be led into a false move at so late a date. He had had several years of experience in being president and must have been acquainted with what is in back of the feints and furbelows of world diplomacy.

In a recent issue of Outlook, Colonel Mitchell asserts truly that the next war will be decided in the air and under the ocean. It will not involve the mobilization of large armies of infantrymen but will be a war of aircraft and submarines backed by industrial power to produce and maintain those armaments. The objective of nearly all attacks will be not the military defenses but the civilian locations of productions and transport. Incidental to this form of warfare will be the killing of many civilians and the destruction of their homes and businesses.

The world's weapons progress with its science and invention. Decisive blows can be struck in the next war in less time than it would take us now to call a substantial number of soldiers to arms and begin their training. So, the reservoir of power is shifted from the manhood to the industries of the countries. America with its rapidly growing civilian aviation and its enormous expansion of civilian flying by owners of their own planes, can put more men in the air than any other two countries. It would take time, but not a disastrous amount of it to convert our civilian flying population into military aviators.

Germany, France, England and some other nations have the edge on America in systematized air transport for men, mail and goods, although our own achievements in air mail are more extensive. But that superiority is more apparent than real. It is partly significant of a war resource of the future that the German business man more casually takes a flight on business than does an American. American business is using the air with rapidly growing effect.

MENACE TO JOKESMITH

It is quite unnecessary to explain that the action of a Boston radio broadcasting station in barring the joke about Scotch thrift was not prompted by any protest from the Scots themselves. They have never regarded thrift as a joke and therefore have never been perturbed by the levity with which it is treated by less enlightened peoples. The purpose of the Boston ban is to protect the public from the tiresome reiteration of atread-bare wheeze.

This raises a question about other time-worn wise cracks. Without the necking and prohibition jokes there would be no excuse for the college funny papers or the sophisticated satirists. Bar the words "bilge" and "Bible belt" and the young—very young—intellectuals would have nothing to read.

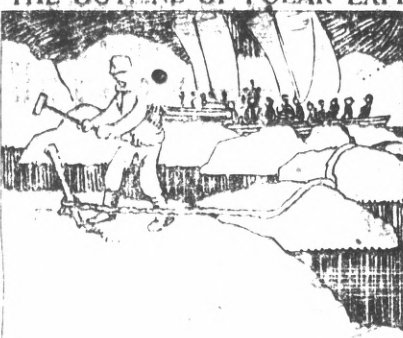

Let us hope this Boston example isn't going to spread too far. —San Francisco Chronicle.

A plan has been proposed in New York state to measure the craniums of New York legislators and compare them with the craniums of legislators in other states. Looks to us like to smell a matter to bother with.

According to scientists, Prof. Einstein has now reduced all the laws of physics to one. Maybe we had better hire him to come over here and work on our criminal codes.

Oddly enough, the biggest fish always got away while the biggest still always is seized. —Milwaukee Journal.

BETTY BLYTHE is starred in Sir Rider Haggard's "She" which is appearing at the Macdonald theater today and tomorrow.

'HIT OF SHOW' PORTRAYS STAGE

Sneezing tears from stoned eyes, compared to getting actors to react emotionally to good acting. But this miracle was accomplished by Joe E. Brown, world famous stage comedian, who appears in the featured role of "The Hit of the Show," the EBO picture of backstage life which comes to the California theater here today.

Which is proof of the contention of many dramatic critics that the truest pathos on stage or screen is usually achieved by real comedians.

On the stage of the Vine Street theater in Hollywood, where the scene of the picture was taken, Brown was portraying the role of a soft and dandy man who after struggling for fifteen years to reach Broadway, at last secures a part in a big New York show. He went through the scene where his part is cut down to practically nothing at dress rehearsal and the trouper pitifully sees his dream of fame fade. As the cameras stopped, grinding and the musical accompaniment died away two little chorus girls from the company of "The Hit of the Show" appeared in the picture, had boiled professionals were found to be crying their eyes out, unashamed at the sincerity and realism of Brown's poignant acting.

The scene and the performance struck home even in the shooting. Brown is surrounded by a stellar group of seasoned players which includes Gertrude Olmstead, Lee Shumway, Gertrude Astor, Ole M. Ness, William Norton Hall, Gene Holmes, William F. Dugan, LeRoy Mason, Frank Mills, Daphne Pollard and Cosmo Kyrle. Helmer, Ralph directed the picture, adapted by E. J. Hibbard from the novel, "No. 10" by Viola Brothers Shore.

As a special attraction the Federal Outfitting company to partner with the California theater will present a Spring Fashion show and promenade. Fourteen beautiful Richmond girls will take part in the show and music will be furnished by the Federal Hollywood band under the direction of Elmer Fellman.

Tax Collector To Return Tomorrow

J. H. A. Miller, deputy income tax collector for this county, will return to his city tomorrow morning. Yesterday he was in Rodeo and today he will be at the Community Center in Crockett.

Friday he will be at the West Side branch of the American Trust company and from Saturday to Friday, March 15, the last day for filing income tax returns, he will be at his office at 252 14th street.

Coroner's Jury Asks Inspections

A Coroner's jury here decided that Andrew Dempsey, 12, of San Francisco, died of a fractured skull and a crushed chest suffered in an accident at the Richmond water front. Recommendation was made by the jury that more frequent inspections of the party used in construction jobs be made.

Dempsey was killed when a boom on a derrick snapped off and struck him. The accident occurred at the Healey Tibbets storage yards on the waterfront.

SYNOPSIS

Arthur Faunce returns from an Antarctic expedition on which he has been sent by the British government. He is a man of great courage and determination. He has been through many hardships and has lost his wife. He is now in a state of despair and is looking for a way to escape his fate.

For my part I'll be glad of the rest. You see, I've been in those frozen wastes, Dane, and I know well what a stock of sunshine to carry with me. And three months in Florida with you seems to me pretty near Paradise!"

He pushed his cup aside, and she noticed for the first time that his coffee was unspiced.

"I got a telegram last night. I didn't tell you."

"No one but Asher." This was the man who was to serve under Faunce in the new expedition. "I had to except him, of course. Last night I got a dispatch, and I must go to New York today, but you needn't be hurried, dear. I'll come back tonight or tomorrow morning, and we'll have a day or two more together before we start."

"I wish you had told me!" She rose abruptly and went to the window, looking out again on the hills. He followed her and put his arms around her.

She hesitated; then she turned and met his eyes. Their faces were so close together that she felt his breath warm on her cheek.

"I've felt almost from the first that there was no confidence between us, Arthur. We're not starting right. We can't stand still—we shall keep on growing together, or apart. I'm not jealous. I'm not curious, but I want to feel that you and I stand face to face in spiritual confidence, that I know your heart as fully as I'll try to make you know mine!"

He snatched at the chance she gave him for escape.

"Oh, I know it, Diane—it's a heart of gold! Beside it mine seems as commonplace as lead or pewter; but I love you—never doubt that—I love you with all my soul!"

It was useless to try to reach him. She knew it now—knew that in protesting his affection with kisses and vows her husband had used the commonest weapon of defense against a jealous woman. She slipped out of his arms after a moment, and turned to the window. He looked at his watch.

"I'll have to go at once, dear, to get my train. No, I shan't need any bag, I'm coming back as soon as I can."

Rev. Webb Gets Call To Ventura

The First Christian church at Ventura has asked Rev. Albert Webb, pastor of the First Christian church here, to take over the pastorate of that church. Rev. Webb has taken the matter under consideration and is expected to make his decision within 24 hours.

Prior to coming to this city, Rev. Webb was pastor of the Universal Christian church of Los Angeles and later attended the university.

"By Joe! it's good to smoke Luckies"

Felix Count Luckner

"Lucky Strikes? By Joe, yes. Let me tell you, I was cruising in my raider in the South Pacific. It had been deep, rainy weather and every bit of tobacco we had on the ship was mouldy and could not be smoked. We began to be desperate. The men were what you call—grouchy. Along came an American ship. We captured her and after taking the captain, officers and crew aboard my raider and finding comfortable places for them to stay, I and my officers went over to the captured ship to see if there was anything aboard that we wanted. We searched her. And what do you think? Under the cushions of a seat in the captain's cabin we found 500 packages of Lucky Strikes! I tore off the end of one and lit it and filled my lungs with it, and By Joe, I was a man again! We had enough for all the crew and we were all cheered up and we all became friends once more. By Joe, I was sorry to sink that American ship that had brought us those smokes. Lucky Strikes, they are wonderful, and my Countess, of course, wishes a fashionable, slender figure. She smokes Lucky Strikes when she is offered fattening sweets. And my life has always been an active one and I must be trim and fit. I love to feel what you Americans call 'peppy.' So no sweets for me. Give me a Lucky Strike instead. By Joe, it's good for us to smoke Luckies."

COUNT FELIX VON LUCKNER

Note: Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This confirms in no uncertain terms the public's confidence in the superiority of Lucky Strike.

New Plan For Extension Of Power Lines

The Pacific Gas and Electric Company has filed with the California Railroad Commission new plans and specifications for the extension of electric lines on private property which will result in a saving of a million dollars per year. This figure is based on the costs heretofore established where consumers, built and maintained their own electric lines on private property.

Heretofore the company has built its lines along public highways and roads. The consumer paid for that portion of the lines on private property and was responsible for the maintenance of the lines. Under the new rule the company will, in addition to building the lines on public roads and highways, make the necessary extension on private property to serve the consumer pursuant to the new rules, providing that the satisfactory rights-of-way are obtained.

With the filing of this new rule for the construction of electric lines on private property by the company, the announcement was also made that plans are under way for the purchase of existing privately owned lines which were originally paid for by present consumers. It is estimated that approximately one and one-half million dollars will be refunded to consumers through this new extension policy.

RICHMOND HIGH TRACK TEAM ENDS NOVICE MEET

NEW MATERIAL FOR SQUAD REVEALED

Richmond high school's novice trackmen finished the second half of their meet last night at the school oval with a wealth of promising material being revealed to coaches Ivan W. Hill and Eddie Cairns.

The biggest surprise of the two-day meet was the showing made by Bill Warneburg, a sophomore. Warneburg has shown himself a position on the sprint squad. He finished the 100 yard dash in 19 and 2.5 Tuesday and came in for in the lead in the 220 yard dash. Dunleavy made a good showing in the sprint and also in the distance races.

The shot put round is something to write home about. Carson was the event yesterday by throwing the shot a distance of 40 feet. All he needs is a trifle more weight and his position on the squad is assured.

The two-day meet will be the first meet of the year with local high school in San Francisco tomorrow night.

Results of the matches yesterday were as follows:

220 yard dash: Warneburg, 19.1; Dunleavy, 19.5; Carson, 19.8; Hill, 20.0; Cairns, 20.5.

100 yard dash: Hill, 19.1; Dunleavy, 19.5; Carson, 19.8; Hill, 20.0; Cairns, 20.5.

Shot put: Carson, 40.0; Hill, 38.0; Cairns, 36.0; Dunleavy, 34.0; Warneburg, 32.0.

San Pablo Nine To Play Oakland Team On Sunday

The Tenth Street Market baseball club of Oakland, rivals of San Pablo in the last few leagues, will meet the San Pablo nine Sunday afternoon at the San Pablo field. Walter Murphy and Wickens will probably be on the mound for the San Pablo outfit.

Richmond Elks, Firemen Will Tangle Sunday

The Richmond Elks and the Richmond Firemen, track of old will meet at the First street ball park Sunday afternoon.

According to Tom Hathaway, manager of the Firemen's baseball club, Carl Kumb will be on the mound for his team while Lavey will be behind the plate. A tentative lineup for the Firemen includes: Gresh, 1st; Evans, 2nd; Schrader, 3rd; Pines, 4th; Bays, 5th; Clark, 6th; and Hathaway, 7th.

Fights Tonight At El Cerrito

It's fight night tonight at the El Cerrito Athletic club and fans in this section are lining up their voices and are preparing to turn out in force for the contests.

The main event sees Buddy Ryan of Placerville battling Bill Ryan of the local team in a 10 round match. The bout looks to be one of the best of the year.

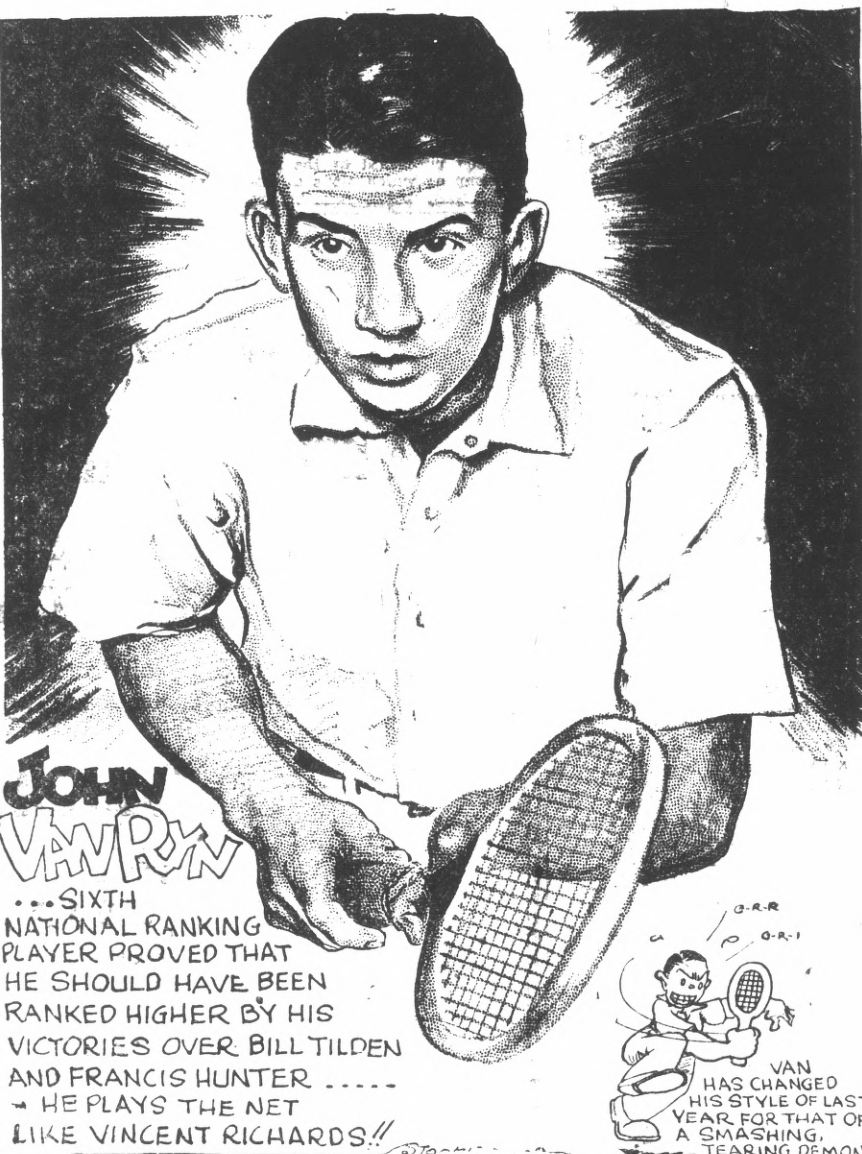

In the six round semi-main event, the Laine and Jock Roberts will tangle. There are three four round preliminary contests.

Field Broadcast Will Tell About Stanford Contest

STANFORD UNIVERSITY, Mar. 6.—Spectators at the Stanford Olympic club track and field meet Sunday afternoon will be kept informed of everything which is going on below them, by means of the Public Address system.

This will be the first time that a track meet has been announced in a northern California stadium. The announcer will be stationed on the west rim of the bowl and is to have three assistants on the field. One of the assistants will telephone happenings to the announcer; one will be assigned to check on the progress of the field events and the other will follow the track events. The latter two will report back to the man on the telephone.

CARDS TO MEET WINGED 'O' ON TRACK

STANFORD UNIVERSITY, Mar. 6.—The powerful track and field teams representing Stanford University and the Olympic Club will clash in the stadium here Saturday afternoon in a meet which promises a series of high class individual battles. The first event will get under way at 2:30.

To a large extent, the meet will be a family affair inasmuch as the Olympic squad includes a number of former Cardinal athletes such as Clarence West, Jack Bullis, Tom McGuire, Bob King, Bud Spencer, "Biff" Hoffman, Kim Dyer and Bill Storie. However, this fact will tend to develop even more bitter battles for the "Reds" as they have the ugly enemy trimming any of the present crop of collegians while the victors take as much pleasure in beating the former stars.

In the sprints, Iness Sweet and Les Gray of the club will tangle with John Lauritzen and 170 Dyer of the Cards. Sweet is an experience runner and Gray was one of the best preps in the state last year when competing for Stockton high school. Lauritzen has been showing up well in early season and Dyer, the up-and-coming sophomore, will be watched with interest. McDermott, another sophomore, might turn out to be the dark horse in these races. At all events, the 100 and 220 yard dashes should be great battles.

400 Feature
Even though Emerson Spencer may not take part in the 440 this race will bring customers to their feet. Bill Storie, Stanford star of two years ago, and Jeffries of the University of Oregon are perfectly capable of giving John Morrison, Maynor Shove, and Boy Syer of Stanford all the competition they need. The battle for first place is expected to find Morrison and Storie matching strides all the way.

Should Earl Fuller be in shape to run for the club in the 880, Larry Olson, club javelin thrower, this young man will probably have done 194 feet in practice and Stanford should be a rather easy

way. If Fuller does not run, things will be fairly even with Tom McGuire and Art Holman of the Winged "O" taking on Heikirk, French and Gooden of the Cardinals. The mile appears to be between Alex McKinnon of Stanford and Brack of the Olympics. Wright of the Cards and Shine of the club are other prospective place winners. Bert Hooper and Jack Keegan will force Templeton's two millers—Brown and Loothow— to their limit and doping the places in the long race is very difficult.

Many Hurdles
The Olympians are well fixed for hurdles as are the Cardinals and the barrier races should be well worth seeing. Clarence West and Jack Bullis, both former Stanford athletes, and Jess Hawley, San Jose State's star, will be Charlie Hunter's entries in the high sticks. Capt. Ross Nicholas, Ward Edmonds and Dodge Smith, brilliant sophomores, are perfectly capable of upholding the Red-shirts in this event. While Nicholas should win, anything can happen in a hurdle race and these six men will put on a close battle. The lows will bring together West and "Skinn" Johnson of the Club and Nelson, Nichols, and Smith of Stanford.

Some high class performances should be forthcoming in the field event. Eric Krenz, Harlow Robert, and Ay Forster of the Cards will back up against Martin Orloff and "Biff" Hoffman in the shot put. Orloff has done close to 50 feet, while Krenz and Robert have beaten that mark. Jim Corson of the club and Krenz, each capable of a world's record performance, may be expected to lose the discus far and wide.

High Jump
Bob Kinn, defeated Stanford high jumper of last season and Olympic Games winner, is not in much danger of losing his first place in the altitude test. In fact, Dick French, Austin, and Madison will have a tough time keeping Cogerhall, another Olympian, out of second place. Kim Dyer should win the broad jump for the club, leaving his teammates, George Martin and Kelly, to fight it out with Zombro, Dowell, West, et al.

Ward Edmonds is considered a cinch to win the pole vault. He is expected to find Morrison and Storie matching strides all the way. The battle for first place is expected to find Morrison and Storie matching strides all the way. Should Earl Fuller be in shape to run for the club in the 880, Larry Olson, club javelin thrower, this young man will probably have done 194 feet in practice and Stanford should be a rather easy

MALIK FIVE TO PLAY OAKLAND Y. M. I. HERE

The Ben Malik cage squad champions of the Richmond basketball league will go into action with the Y. M. I. cagers of Oakland here tonight. This is the first of a two game series.

The Ben Malik squad finished the season here without a defeat to its credit. Later a number of the members of the team joined the Corgiat Tires' 145 pound team in the P. A. A. league and lost its final game to the Tunny Yums of San Francisco by a score of 17 to 15.

Richmond fans will have next to the last chance of seeing the Malik team in action and a record crowd is expected at the Roosevelt junior high school gymnasium where the game will be played.

Manager Clarence Johnson will probably start his usual lineup in the game tonight. Dyer and Huzefka will start at forward positions; Bunny Muth at center and Barbieri, Lee and Cornell at guard.

The second game of the series will be played at the old St. Mary's College gymnasium in Oakland early next week.

In the preliminary game the Furrer quintet, runners up for the city title will mix with the Crockett Community Center Arrows in what is expected to be a hot contest.

Francis LeVeque Given Release

Francis LeVeque, who caught for the Johnson Clothiers of Richmond, has been handed his release by Manager Ivan Howard of the Oakland team of the Coast League. LeVeque will go to the Springfield club.

BALL CLUBS TO LAY PLANS FRIDAY

Representatives of 16 baseball clubs will meet tomorrow night at the Country Inn at San Pablo to discuss the organization of a new baseball league.

Teams from Oakland, Pleasanton and other points in Alameda county are expected to be present and to make bids for entrance in the new circuit.

"Speed" Maddock, of Oakland, manager of an athletic goods store, will be in charge of the session. Maddock makes a habit of being president of one baseball league or another.

Prospects are good that Richmond and San Pablo will have teams entered in the new league. Ted Crist, manager of the San Pablos and Phil Jones, a Richmond baseball magnate, will be much in evidence and will make overtures for places in the league.

Richmond has a wide choice of teams. There are the Richmond Elks, the Firemen, the Pullman Shops nine and possibly the old Sannies will be rejuvenated by Phil Jones.

Ted Crist is preparing to make a bid for the entrance of the San Pablo club into the league.

Teams which will be represented at the meeting include Richmond, San Pablo, Pleasanton, Alvarado, Chanslor and Lyons of Oakland, Crockett, Martinez, Walnut Creek, Antioch, Bay Point, Benicia, Pittsburg, Concord and Brentwood.

SPORTS CLUB HEARS TALK ON BILLS

Dr. W. H. Young, admitted to membership last night in the Richmond Sportsmen's club addressed the members at a session held in Brotherhood hall, Young, who recently came to Richmond from Montana, where he was an enthusiastic big game hunter, told the members of his experiences.

He declared he was glad to be aligned with the local sportsmen's club and praised the members for their work in aiding the preservation of fish and game.

The legislative committee of the club reported that a proposed measure sponsored by sportsmen calling for a 15 duck limit during season had passed the state senate committee and would soon be presented to the senate.

The special committee meeting with the Richmond National Rifle club for the proposed improvements of the Skow range was instructed to proceed with final plans.

W. T. Shock, state trapper, reported that deer are being killed in Trinity county by coyotes and mountain lions and that drastic action will be necessary to preserve the deer. The information was received from Oscar Lewis, game warden, and will be presented to the members of the Associated Sportsmen meeting tonight in San Francisco. Richmond representatives will attend.

Assembly Cagers Of High Defeat Senate Quintet

The assembly basketball team of the Richmond union high school yesterday defeated the senate of the student body by a score of 13 to 12. The senate cagers include a number of varsity basketball stars.

The lineup: Assembly (13) Cliff and Marcus, forwards; Pruden, center; Maloney, Regalia, guards.

Senate (12) Hall, Viano, Gordon, forwards; Williams, center; O'Connell, Page, guards.

Corgiat Tires Lose In League

The Corgiat Tires' basketball squad was eliminated from the P. A. A. league play recently by the Tunny Yums of San Francisco by a score of 17 to 15. The game was a preliminary to the St. Ignatius Y. M. I. contest in the P. A. A. league, which was won by the St. Ignatius squad.

As a result of their victory the Tunny Yums were awarded the 145 pound division championship.

Local Y. L. I. Squad Beats Berkeley Six

Getting away to a good start the Richmond Y. L. I. cagers last night trampled upon the Berkeley Institute team and annexed a 31 to 13 victory at the Oakland high school gymnasium.

As usual, Miss Helen Maloney was star player for the local squad. In a majority of the games that the local girls have played she has waked away with all honors for scoring.

Louise Novarini and Mary Gately starred while Helen Gately and Agnes Ring did fine work at guarding. Irene Carey and Eleanor Hurley did good work at center position.

Through their victory last night the local girls are in second place in the league with Alameda a game and a half ahead of them. Oakland and Berkeley are tied for third place.

Next Tuesday night the Richmond girls will play the Oakland Institute at the Roosevelt junior high school gymnasium. The game will start at eight o'clock and a record crowd is expected to turn out and see the contest.

Cardinal Nine To Meet Gaels

STANFORD UNIVERSITY, Mar. 6.—Baseball teams of Stanford and St. Mary's will meet for the third time this year, on the Gaels' home diamond Saturday afternoon. The rival nines have broken even in the first two games played and the Cardinals are anxious to duplicate their feat of last year, when they won the series by taking two out of three.

PIRATES WILL PLAY SEALS SUNDAY

PASO ROBLES, March 6.—UP.—Only one workout featuring batting and pitching occupied the Pittsburgh Pirates today. The session was held in the forenoon.

Capt. "Pie" Traynor and Pitcher Lee Meadows were the only absentees today. Both visited the mud baths. Traynor to seek relief from a hip ailment and Meadows to rid himself of a knee injury. They reported improvement in their condition and expected to be able to go about their tasks as usual tomorrow.

Two workouts are scheduled tomorrow. The proper way to cover first base on bunts will be explained to the pitchers while the outfielders will be instructed on heaving the ball to various sections of the infield.

The first intro-club contest is carded for Thursday. It will be followed by another game on Saturday and then the first battle of the year will be staged on Sunday with the San Francisco Seals forming the opposition.

Harry Riconda and Adams Comorosky were added to the squad of injured. The former is suffering from a charley-horse while the latter is limping, having been struck on the foot with a batted ball.

BUICK DIES PENNILESS IN EAST

(Continued from Page 1)

ters, the fate that took away millions from him in his ventures, had wasted away his body more than disease.

Poor To Last

Buick always felt that the millions of dollars which the manufacture of his car brought to investors in the company belonged to him, but he never accused anyone of cheating him of his interests in the company.

In recent years, Buick was scarcely able to make a livelihood and day after day, as he walked along the streets, he was reminded of the wealth and comfort of the rich, the millions that "might have been" his.

Starting alone in his first venture, Buick sold his plumbing supply house in Detroit to obtain money to manufacture his automobile. For three years he struggled alone but then was forced to seek outside aid.

Company Prospered

In 1906 W. C. Durant organized a stock campaign and \$1,000,000 was available for the manufacture of Buick cars. Then came the first visions of prosperity. The company prospered but not for Buick.

Internal dissension forced Buick to relinquish management of the company and he was given a large block of stock. He moved to California and invested in oil lands. Litigation developed and Buick sold his automobile stock for \$100 a share. Today it is worth more than \$600 a share.

When litigation and legal expenses were settled Buick was penniless. His oil venture was a failure. He was "broke."

Land-Deal Falls

Florida land began to boom later and Buick made another try for fortune. He became a partner in a land concern of that state but two years later it failed. He was "broke" again.

He returned to Detroit, to his former friends who by that time were millionaires, but they were not the friends to help him. He needed a job.

He accepted a position as instructor in a trade school. His business disasters, however, began to take their toll on his health and he became too weak to teach and was assigned to an information desk.

A month ago his physician sent him to a hospital where the cancerous growth finally took his life.

FASHION SHOW AT THEATER TONIGHT

"The Hit of the Show," Richmond's smartest fashion event, will take place at the California theater tonight. Fifteen local girls will show the newest and smartest in Spring creations for the well-dressed women.

Amid elaborate and colorful scenery the young women will model the latest in frocks, hats, sport outfits, evening wear and coats. The Federal Outfitting company is sponsoring the show and will furnish latest styles from New York, personally selected by A. J. Shrago, president of the company.

During the review the Federal Hollywood Clothes orchestra will entertain and other specialty numbers will be presented.

A reception in the Federal Outfitting company store after the show will complete the grand Spring welcome. The Federal orchestra will furnish music for a dance to which everyone is invited.

The attractive young models for the novel event will be Miss Ann Engour, Mrs. Hazel Huzefka, Miss Mabel Carlson, Miss Alta Still, Miss Mae Hadley, Mrs. Dorothy Carlson, Miss Felicia Vernetti, Miss Theresa Vernetti, Miss Frances Cox, Miss Gladys Cox, Miss Irene Raybeck, Miss Priscilla Imbach, Miss Marcella Whitney, Miss Alameda and Miss Blanch Mishkrow.

DEATH CALLS PITTSBURG TO FETE MILL OPENING

INDIANAPOLIS, Ind., March 6.—U. P. Thomas Taggart, who started in life as a lunch room sweeper in the extreme town of Xenia, O., and rose to one of the greatest leaders in the Democratic party, died at his home today following a long illness.

Stomach trouble caused the death of the famous political leader, known as the man who successfully directed the nomination for president in 1912. Taggart was in his seventy-third year.

He was known as the silent commander, the beloved leader who smiled in defeat and smiled in victory.

Ill Since November

Early last November, the Indiana leader, who was honored by his party with various political offices, chief of which was the United States Senatorship, collapsed and since has been under the constant care of physicians.

The first attack was on the eve of the November election, the day before Herbert Hoover was given an overwhelming victory over Alfred E. Smith. Since that time he had occasional relapses and last night his physicians announced he was sinking rapidly.

Wife With Him

Taggart's wife, who was with him when he died, is survived by his widow one son, Thomas D. Taggart, president of the French Lick Springs Hotel company, and four daughters—Miss Lucy Taggart, Artist, New York; Mrs. D. Lawrence Chambers, wife of the president of the Bobbs-Merrill Publishing company, Indianapolis; Mrs. Irene Young, Louisville, Ky. and Mrs. W. Richardson Sinclair, and nine grandchildren.

Taggart was born in county Monaghan, Ireland, in 1856. At the age of five he came to this country with his parents who settled in Xenia, O. He became owner of the Xenia Lunch room a few years after. He started as an employee and in 1877, when he was 21, accepted a position as manager of the Indianapolis Union Depot Lunch room. It was a gathering place for politicians and Taggart was able to establish a wide acquaintance with them.

Held Many Offices

His entry into active politics followed at the solicitation of friends. He served three two-year terms as mayor of Indianapolis.

In his time he had held every office in the Democratic organization from precinct committee man to national chairman and was known to his party as the man who never scratched ballots.

The outstanding political generalship in his life was displayed at the National Democratic convention in Baltimore in 1912, when he secured the nomination of Woodrow Wilson for president.

RAIL BATTLE IN NORTH LOOMS

SALEM, Ore., March 6.—U. P. Articles of incorporation were on file with the state corporation department here tonight for the Idaho Pacific Railroad company, a \$10,000,000 corporation which proposes to construct and operate a standard gauge railroad between Nyssa, Malheur county, Oregon, and Winnemucca, Humboldt county, Nevada, a distance of approximately 241 miles.

The incorporators of the proposed new rail line are John Leeds Kerr of 171 West Twelfth street, New York city; Robert Phillips, 15 Whitehall street, New York city; and Guy C. N. Corbiss of Portland. The principal offices of the corporation will be located at 1115 Yon Bldg., Portland.

SIGNIFICANCE OF MOVE UNKNOWN

PORTLAND, Ore., March 6.—What significance, if any, attached to the incorporation of the Nevada-Pacific railroad, which proposes to build a road connecting the main lines of the Union Pacific at Nyssa, Ore., to the Southern Pacific at Winnemucca, Nev., could not be learned here tonight.

Judge Guy C. Corbiss, one of the incorporators, stated that he was only attorney for the road and was not privileged to make any statement.

Belief that the proposed line might possibly be a side issue in the battle for supremacy in southeastern Oregon, northwestern California and Nevada, between the Great Northern and the Southern Pacific was expressed in some quarters.

PITTSBURG TO FETE MILL OPENING

PITTSBURG, March 6.—The entire municipality will join with the Columbia Steel corporation in celebrating the opening of the new \$2,500,000 tin mill Tuesday.

The new mill, the largest tin mill west of the Mississippi, will begin actual operations on this date. It will furnish employment to 450 men and women earning upwards of \$15,000 monthly.

Gov. C. C. Young will deliver the address at the formal dedication of the new unit. J. D. Grant, president of the Columbia Steel corporation and W. J. Buchanan, chairman of the board of supervisors will also deliver addresses as will J. R. Knowland, representing the Oakland chamber of commerce and H. C. Chapin, president of the Pittsburgh chamber of commerce arrangements committee.

At 10 o'clock a civic parade will move through the city to the new tin mills and at 11 o'clock machinery in the unit will be set in motion. The program will begin at 11:20 a. m. and will be followed by a luncheon at 1 o'clock.

William Cohn, plant manager, will preside at the ceremonies and H. H. Donovan, mayor of Pittsburg, will present the memorial plaque. The plaque will be accepted by N. A. Becker, consulting and efficiency engineer, Rev. C. C. Champlin and Father J. A. Nascelli will also participate in the program.

The new mill will produce one-tenth of the sheet tin manufactured in the United States or 38,000 tons of tin plate yearly. The program for the celebration is as follows:

10 a. m.—Parade automobiles to form at City Hall, line of march down Railroad avenue to East Third street to Columbia Steel corporation tin mill unit.

11 a. m.—Whistle of the new tin plate mill unit start in motion.

11:25 a. m.—Assembly in the tin mill warehouse. William Cohn plant manager, chairman.

11:30 a. m.—Invocation, Rev. C. C. Champlin of Community church.

Introductory remarks, H. C. Chapin, chairman, chamber of commerce arrangement committee.

Presentation of plaque, Mayor Hugh H. Donovan.

Acceptance, N. A. Becker, consulting and efficiency engineer. Remarks, L. F. Rains, vice-president and general manager, Columbia Steel corporation.

Remarks, Hon. Joseph R. Knowland, representing Oakland chamber of commerce.

Remarks, W. J. Buchanan, chairman Contra Costa county board of supervisors.

Address, Hon. C. C. Young, governor of California.

Benediction, Rev. Father J. A. Nascelli, pastor of St. Peter's Catholic church.

over the commission personnel with the president, Senator Borah, Republican, Idaho, congressional dry leader, called upon the president and said later he had discussed prohibition.

It was his understanding, Borah added, that members of the commission already had been selected.

Curtis D. Wilbur, former Secretary of the Navy, might become a member. It was intimated in official circles, Wilbur called on Hoover and later when asked what he knew about the commission personnel said he had nothing to say.

"Will you be a member?" he was asked.

"That's a different question," Wilbur replied but refused to amplify his statement.

Dry Protest

Among the first in line of a group of more than 800 persons waiting to see the president to wait day were representatives of 21 with previous plans.

Mains Moved To Clear Highway

FINOLE, March 6.—Crews from the Coast Counties Gas and Electric company today started moving gas and water mains in the city and along portions of the state highway in preparation for an early start of reconstructing and widening the state highway through this town.

The gas company has 10,000 feet of mains to move and the water company has about 3000 feet of pipes.

Contracts for the construction work have been granted to the Prentiss Paving company by the state on a bid of \$153,000.

dry organizations.

Their mission, it was explained, was to express confidence in the new president's program of prohibition enforcement.

E. Scott McBride, superintendent of the Anti-Saloon league, said friends of prohibition were willing to leave the whole problem of means of enforcement in Mr. Hoover's hands.

Republican floor leader Tilson discussed the extra session with the president and said he recommended it be called between April 10 and 15. The president appeared agreeable, Tilson said, and an attempt will be made to hold the session to farm relief and tariff revision in accordance with day were representatives of 21 with previous plans.

EL NIDO CLUB OPENING HELD

A large enthusiastic crowd greeted the opening of the El Nido Club cafe last night in Richmond Annex. The club has been completely redecorated and remodeled.

It was "KTAR Night" last night with Brother Bob and his staff of entertainers from Radio Station KTAR, San Francisco, in charge of the entertainment.

Tonight is "Whoopie Night" with favors, balloons and sequentines for the guests. Friday night "College Night" will be held with a number of prizes for the guests.

Dancing will be enjoyed at the club each night with music being presented through the use of an Orchestra.

The club has been leased by A. L. Dunsen and M. E. Harr. The establishment makes a specialty of chicken dinners.

RULING ASKED ON LOCAL COURT

(Continued from Page 1)

it will set the date for the hearing of the case.

Carlson will represent Romero and incidentally Judge Alstrom in the hearing. Attorney T. H. DeLap will present the sheriff's office case and District Attorney A. J. Tinning will appear for the people of the county.

In the meantime Judge Alstrom is not encouraging the filing of suits in his court or is he trying criminal cases until the exact status of his court is made clear by the decision of the Supreme Court.

He is, however, trying civil cases on his calendar. These cases were set for hearing several months ago.

If the Justice court here is abolished, in accordance with recent Fresno decision, all local minor court cases will be brought before Police Judge C. A. Odell.

The Civic Center club met yesterday at the home of Mrs. Lucy Irwin, 731 Bissell avenue. A brief business session was held and at its conclusion refreshments were served by the hostess.
